

Creating High Impact Presentations

Course Description

This course is designed for those giving presentations with PowerPoint but who have been primarily limited to text slides, bullet points or clip art.

The course demonstrates how Microsoft PowerPoint can be used to produce slides with powerful visual impact. The course also covers how to remain centre stage when delivering presentations to create real impact with the audience.

Pre-Course Requirements

You need some experience of using Microsoft Powerpoint before attending this course. No prior experience of delivering presentations is required.
